“ You have always been, will always be a staple in my life. I Loved you as if you were my Mother. I am truly Heartbroken and saddened at your passing. It warms my heart to say that the last few times I came to Memphis. I got a chance to see & hug you. Your Beautiful Smile will always come to mind when I think of you. You will be greatly missed. Love You Forever

“ My heart is broken, don't want to believe you're gone. You were more than a neighbor you were our sister. So many memories of Brentwood Circle, births, deaths, marriages and divorces, we were there for each other through trials and tribulations, you will always be in my heart my sister. Take your flight to the heavenly home that God had promised us. May our Lord and Savior comfort and keep Don, Shelia Kay, Cornez, Chaz, the grandkids and all that knew and loved her. Your other sister Deborah Tells-Carter.
