Dorothy you became a great part of My Family at a very young age, when My Aunt Mamie was Married to Your Uncle Lee Harvey, we grew up together and shared many great times together. I can remember the times when Aunt Micky would have me to babysit and a few times when I tried to whip you and you would say girl you better put that belt down before I take it from you and beat your butt. Do you think I'm going to let you whip me with your little skinny tail?. You better go sit ☐ down some where. Knowing I was just trying to scare her. Dorothy the times that we spent together growing ❤️ growing up together was fun and we spent a lot of time together. We were always praying and in Church together. We shared a many great times with each other. We worked together, stayed together, we shared a lot of our Secrets, we were always on the phone 📱 together, You was my Girl. As I close my My Speech, Last but not least I will miss you too much because of our always Praying together.
